

## Pipe length measurement

measurable area of length	ca. 2,70 (3,70) - 20,0 m /depending on the version
measurable Inner diameter	ca. 20 (70) - 160 (250) mm / depending on the version
measurement tolerance	+/- 0,1% to the maximum length at room temperature
storage capacity	ca. 5.000 - 40.000 measurements / depending on the version
energy supply	4 x Mignon NiMH, min. 1700mAh
Battery operation time	ca. 6-8 h continuous working, charging over night
weight	1025 / 610 g
data transmission	via Bluetooth
